

Agricultural Science Strengths: Gardening, Farming, and Landscaping

Instructor: Note that these questions may require adjustment to fit the understanding of the student. Moreover, actual experience is likely to change the student's preference and make it more valid. Encourage the student to take his best guess, especially when doing this for the first time and when the student has no direct experience yet with agricultural science work.

Name:	Date:			
	1 Not Good	2 Fair	3 Good	4 Super
1) How capable would I be working with plants on a farm, in a greenhouse, or on a landscaping crew?				
2) How capable would I be working with gardening tools such as shovels, rakes, wheelbarrows, or hoes?				
3) How capable would I be pulling out weeds from around plants?				
4) How capable would I be planting plants in the ground or in pots?
